

# TRI-CITY REGIONAL SANITARY DISTRICT

2790 N AZ Hwy 188, Globe, Arizona 85532

BOARD: Mary Anne Moreno Malissa Buzan Connie Callaway JoLee Stanneart

## PUBLIC SERVICE ANNOUNCEMENT FOR RELEASE

### Tri-City Regional Sanitary District (TRSD) Sewer Collection System Construction Notice

#### Weekly Status Update – August 17th, 2026

This week's construction locations and activities are as follows:

- **Activities** : milling asphalt and excavation, installation of manholes and piping, surveying and testing, backfill and compaction.
- **Streets** : start installing main lines along Starview Dr, from Maple Leaf working East, and on Railroad, from Ransburger Hill working West. Installing sewer laterals on Locomotive West of El Camino.
- **Traffic impacts** : on-street parking restrictions and single-lane alternating traffic with possible detours along Locomotive West of El Camino and on Railroad from Ransberger Hill working West. On-street parking restrictions and daily daytime traffic closure on Starview Dr, Monday-Friday from 8AM to 4PM.
- **Expected duration at these location** : approximately 1 weeks along Locomotive. Approximately 4-6 weeks along Starview Dr and Railroad.
- **What residents can expect**: Temporary parking and access limitations near active work zones. Traffic control barricades will be placed along roadways 3 days prior, indicating upcoming work in that area. Residents are asked not to park in the roadway during this time or risk their vehicles being towed at the owner's expense.
- Emergency vehicle access will be maintained at all times.
- Residents with non-urgent questions or concerns can call 1-800-782-1445 or by email at this address [trsdwastewater@gmail.com](mailto:trsdwastewater@gmail.com) in advance.
- Residents are asked to follow all speed limits and construction signs as dirt, sand and gravel become hazardous obstacles.

**\*\* FOR THE SAFETY OF BOTH RESIDENTS AND  
CONSTRUCTION WORKERS DO NOT ENTER CONSTRUCTION  
ZONES\*\***
