PUBLIC SERVICE ANNOUNCEMENT FOR RELEASE

Tri-City Regional Sanitary District (TRSD) Sewer Collection System Construction Notice

Weekly Status Update – August 31st, 2026

This week's construction locations and activities are as follows:

- **Activities** : milling asphalt and excavation, installation of manholes and piping, grouting manholes, surveying and testing, backfill and compaction.
- **Streets** : continue installing main line along Starview Dr, from Maple Leaf working East, and on Railroad, from Ransburger Hill working West towards Calle de Loma. Installing sewer laterals behind main line crews and grouting the inside of previously installed manholes throughout.
- **Traffic impacts** : on-street parking restrictions and single-lane alternating traffic with possible detours along Railroad from Ransberger Hill working West. On-street parking restrictions and daily daytime traffic closure on Starview Dr, Monday-Friday from 8AM to 4PM.
- **Expected duration at these location** : approximately 2-3 weeks along Starview Dr and 4-6 weeks along Railroad.
- **What residents can expect**: Temporary parking and access limitations near active work zones. Traffic control barricades will be placed along roadways 3 days prior, indicating upcoming work in that area. Residents are asked not to park in the roadway during this time or risk their vehicles being towed at the owner's expense.
- Residents with emergencies should call 911. Emergency vehicle access will be maintained at all times.
- Residents with non-urgent questions or concerns can call 1-800-782-1445 or by email at this address trsdwastewater@gmail.com in advance.
- Residents are asked to follow all speed limits and construction signs as dirt, sand and gravel become hazardous obstacles.

**** FOR THE SAFETY OF BOTH RESIDENTS AND
CONSTRUCTION WORKERS DO NOT ENTER CONSTRUCTION
ZONES****
