- o People need to slow down.
- o There are no funds that would allow reimbursement.
- o Handle this the same way as you do with any construction going on – turn it into your personal car insurance.

- I have a big yard and water trees and plants – will my sewer bill increase because of irrigation?

Answered by M. Krebs:

- o That is a possibility.
- o There will be a base rate and a sewer rate.
- o They look at the lowest water usage months – November/December/January.
- o It will depend on how the Board sets the rates and that has not been done yet.
